One Benefit of Joining ASSP

Community and Networking Opportunities-ASSP is where OSH professionals find a vibrant community, one that helps you grow professionally through education, networking and advocacy for the profession. Through the Middle Tennessee chapter, members can connect with safety professionals, HR professionals, risk managers, worker's comp administrators and healthcare professionals who each have a stake in keeping their workforce safe or returning injured workers back to work safely. At meetings, ideas are shared, common problems identified and presenters offer possible solutions to challenges in the safety cultures at any organization.
